There's a smarter way to help protect your identity

In today's digital world, you may not know all the parties that have those pieces of information that define who you are. It is important to have adequate protection. Identity theft affected 16.7 million Americans in 2017 with potentially devastating consequences. DAV has partnered with Identity Guard® to bring you sophisticated personal cyber-security protection making use of advanced IBM Watson® technology to continuously protect and alert you of threats to your identity, including certain changes to your credit information that may indicate fraud. DAV members receive 20% off!***
