

Win \$1,000 by participating in the Recruit a Warrior Challenge

First, I want to thank each and every one of our members for their service. That includes their service in the military and their service today in the DAV.

The month of November puts a spotlight on our country's veterans. We have Veterans Day , and the day before that we have the Marine Corps birthday. So, this spotlight helps our country remember that less than 1% serve or gave their life for our country .

While November is great, we still have eleven other months of the year where some forget about the 1%.

This is what OUR MEMBERSHIP is for! It is why we need to keep building a strong and vibrant membership base each and every year .

I know we are in trying times now and it has been hard to implement the grassroots membership drive . I hope that you have at least tried to use the Recruit a Warrior Challenge that National has out. The Challenge is good through November 30 , 2020.

It is quite easy to use. You simply copy your link and share it with prospective veteran that you want to join our ranks . You simply send them your link in an email , text, or social media platform.

The best part is there is no easier way to get new members , and as an added bonus you are in the running to win \$1000.00 cash from National. For further information on Recruit a Warrior Challenge click [here](#).

In closing hopefully, you all had a grand Veterans Day and all you Marines out there had a safe birthday! I want to wish everyone of our members a safe and blessed Thanksgiving .

Robert Hilliard
Membership Chairman
